Taree Rally

Ten AAR members attended the 22nd Taree Rally, held over four days from 3 – 6 March 2011. Weather for all but one day was good. The main ride, on Saturday, began in fine weather but soon turned nasty with rain for most of the ride. Coupled with some ordinary road surfaces and periods of driving rain, the ride to the judging area was cautious but uneventful for all but a few bikes that wound up on breakdown trailers (maybe the rider's of those bikes were smart and managed to get a dry trip to lunch).
