MOSTLY ARIEL RALLY 24th/25th September (by Barry Deeth).

This year it was decided to go to a different venue for the rally as Gary Lamb had suggested we try out the roads around Mudgeeraba on the Gold Coast and the rally was organised by Gary and his willing band of workers from the Tweed Heads Motorcycle Enthusiasts Club.

The sports oval of the St.Michaels College at Carrara was the camping spot and the start and finish point on both days and the organisers catered for all meals.

Saturday's run was 60 km taking in Mudgeeraba, Tallebudgera, Currumbin Valley and Talley Valley, but it seemed longer because of the number of corners and was most enjoyable.

Sunday's ride of 130 km with 28 bikes took in Mudgeeraba, Springbrook, a half hour stop at Graoomoolah Falls and a 3/4 hour rider to Sharp Park for lunch before returning to Carrara via Beechmont for packup. Once again there was an abundance of corners to keep everyone happy.

Mark Pickett managed to burn out his clutch and Gaven Ritter gave himself some excitement when he had his rear tyre blow out when almost home.

Marshalling was by the drop-off method and worked smoothly all weekend with no-one getting lost. Thanks go to Gary Lamb, his family and members of the Tweed Heads Motorcycle Enthusiasts Club for giving us a good time. I guess next year it will be back in the Pine Rivers area.
