1. 1929/1930 OHV rocker and tappets, 1926/1927 front wheel and hub. Contact John Deeth on [H] (07) 3266 7760, [W] (07) 3139 5914 jdeeth1@optusnet.com.au.
2. Parts for 1928 Model E – 500 cc motor parts, primary chain cover, tank and footrest parts, post seat, fork parts, front wheel & hub, plus any other Model E parts. Contact Leon Williams, Ph: (02) 99132993; Mob: 0416 132 993; e-mail: leonwilliams@optusnet.com.au.
3. Frame for 1952 VCH - prefix 'OR'. Will swap my rigid frame with cash adjustment or buy outright. Contact Neil Barclay Ph: 03 57273573, Mob: 0437 873 573; Email: nbmoncoll@hotmail.com; PO Box 240, Oxley VIC 3678.
4. Hercus Metal Lathe. Contact Trevor; Mobile: 0411644803 Ph: 02 4297 3445.
5. (i). I have a petrol tank for a 1932 Ariel cammy Sq4 (hand change). The tank is in very good condition. I assume this tank may also suit a 1932 Sloper as they used the same twin down tube frame. I would like to swap this tank for a petrol tank, in similar condition, to suit a 1934 - 36 Cammy Sq4 (foot change).

(ii) Rear backing plate only that suits 1944-1936 4F OHC. The slot in the backing plate needs to be in line with the axle hole.

Please phone Chris Ridsdale 03 53425000 or 0448 425 001. E-mail to cdridsdale@bigpond.com.
6. Gearbox main shaft to suit BA or GB Burman, complete clutch, oil tank, distributor, generator and carburettor (SU or Solex) to suit MK1 4G. Contact Greg Grundy (03) 51471629.
7. Speedo drive worm gear for pre-war Burman gearbox (suit 1939 VH, P/N 3150-31 15 teeth, dia 16.1 mm worm). Can trade from two later model BA gear boxes: 1 x 15 teeth 17 mm worm (most likely from 1947 model); and 1 x 16 teeth 16.6 mm worm for 1948-49 BA box (has a groove machined in shaft at the slotted speedo cable end). Contact Richard Harvey: BH (02) 92958620, AH (02) 86684599, Mob 0425 362 806, or e-mail r.harvey@victorchang.edu.au.
8. Petrol tank to suit 1939 VB in good order suitable for chroming, lid for pre-war tool box (loose lid type) with centre hole, and timing cover with VB600 marking. Please call Bruce on 0418 776 795.
9. Set of four, thick base pushrod followers (solid type, not spring loaded) to suit 1951 on KH 500 cc twin. John Keating (03) 5026 0209.

11. Air lever (long handle) and speedo to suit 1929 Lightweight (1 inch bars). Contact Geoff: Ph: (02) 63321699; e-mail: geoff@geoff-fry.com.au.
12. (i) 1951/52 500 Twin plunger frame (SB or SE prefix). Saddle seat for a rigid frame. 1" handle bar throttle parts - internal parts and external helix. 1937 500cc rocker box lower (have NOS for 1935 with breather hole to swap) and 500cc VH twin port head - casting number A7/512A (on the under side near the carby). Rigid frame rear brake backing plate. Eureka 25 PSI 2" oil gauge (have Lucas/Ariel 100PSI gauge to suit 4G/KH for swap). Genuine Ariel carrier for rear mud guard. Happy to buy or swap other parts for the bits I need (i.e. should I have the bits you need).

(ii) 1937 rigid frame with number XF6630 to go with my 500cc engine (CC prefix), will buy or swap another (straight) XF frame.
