

## About

# THE AUSTRALIAN ARIEL REGISTER Inc.

(A0030096D)

The Australian Ariel Register (AAR) was formed in 1991, initially by a group of Australian members of the international Ariel Owners Motor Cycle Club residing in Australia. After forming the Register in the ACT it moved its official base to Victoria in 1994 by becoming an Incorporated Association under the Victorian Incorporated Associations Act. The AAR is affiliated with NSW Motorcycling Alliance that provides its Associations and Officials Liability insurance cover. It now has over 300 members in all states and territories of Australia, plus New Zealand and Canada, and also welcomes members from other countries interested in the Australian

### Ariel Scene. **Membership is open to all owners or enthusiasts of Ariel motorcycles.**

The Register exists to provide Ariel owners and enthusiasts in Australia, New Zealand (and other countries) to contact each other, to discuss matters of common motorcycling interest and foster friendship between Members. Members receive a quarterly newsletter, 'From The Horse's Mouth', which contains news of members' activities, technical information, letters and photographs, product and service information and a regular 'Sales, Swaps or Wants' section. Advertising in the Newsletter is free of charge to members, as is advertising on the AAR website at [www.australian-ariel-register.com](http://www.australian-ariel-register.com). **The Register maintains an archive of Ariel manuals and technical information, photo copies/CDs of which are available to members for a nominal fee.**

The principal aim of the Register is to **keep Ariels on the Road**. To this end it holds an annual rally, either independently or in association with other clubs. It also takes part in veteran, vintage and classic motorcycle shows and swap meets to help foster good relations with other motorcyclists and the general public. As sharing knowledge on Ariels is also a key aspect to **keep Ariels on the Road**, members are encouraged to participate in the Chat Room Forum that A.A.R. members have formed (see **Forum** link at [www.australian-ariel-register.com](http://www.australian-ariel-register.com)), where questions can be posed for seeking replies from members who have the knowledge being sought.

Annual Rally. The AAR's national rally is held in the first quarter of every year. The venue for the rally varies from state-to-state or territory, depending on the locality of the members who are hosting the rally. Public liability insurance for the rally is obtained through NSW Motorcycling Alliance, which is event specific.

Because the demographics of its membership base across all states and territories that have significantly different historic vehicle registration rules, the AAR is not able to provide historic registration for members' vintage, veteran and historic vehicles. Click [here](#) to read details on historic registration rules for each State/Territory.

The Register maintains a data base of Ariel motorcycles known to exist in Australia.
